Dear Customer:

Chomerics Americas products must comply with many US, European Union (EU), and other Environmental, Health, and Safety Regulations. Many of our products must also comply with more stringent requirements and Industry Specifications. These Regulations, Requirements, and Industry Specifications, are called Product Environmental Quality (PEQ) Requirements. This letter certifies the PEQ Compliance status of the Chomerics Americas Product(s) listed below. A brief explanation of each Regulation, Industry Specification, and other Requirements follows the listing.

Due to the considerable volume chemicals that make up the group of Per-and Polyfluoroalkyl Substances (PFAS), we are still gathering data for the parts specified in your request. At present we kindly ask for more time to gather and validate this information from our supply chain. Additional informaion on PFAS followd this listing.

Product	Requirements							
	Regulatory					Industry Specifications		
	RoHS Compliant	EU PFOS/ PFOA Compliant	REACH Compliance: Articles: Candidate List SVHC 250 (6-25-25 Revision) Not Present >0.1% unless otherwise indicated.	REACH Annex XVII Compliant	TSCA Compliant	IEC Halogen Free	Meets Chomerics Substance Requirements	Ozone Depleting Substance Free
Airplane Gasket/Wingpanel Gasket/ Mesh Strip/Metalastic Bulk	Y	Y	Y (Octamethylcyclotetrasiloxane restrictions do not apply)	Y Octamethylcyclotetrasiloxan restrictions do not apply)	Y	Y	Y	Y
Aluminum Honeycomb	Y	Y	Y	Pending	Y	Y	Y	N
Au/Be/Cu Fuzz Button	Y	Y	Y	Pending	Y	Y	Undetermined	Y
BeCu Fingerstock (No Plating)	Y	Y	Y	Y	Y	Y	Y	Y
BeCu Fingerstock Electroless Nickel	Y	Y	Y	Pending	Y	Y	Nickel (Not reportable for internal applications)	Y

As a representative of Chomerics Division of Parker Hannifin, I state the product(s) indicated above comply with maximum allowable ROHS concentrations. Chomerics Americas products comply with PEQ Requirements by using PEQ compliant raw materials, conducting limited product testing, reviewing Safety Data Sheets (SDS), and using additional information provided by Chomerics Americas Suppliers.

Chomerics Americas does not test for SVHCs, does not require its Suppliers to test for SVHCs, and does not certify to concentrations <0.1% by total weight in Articles. To the best of our knowledge, Chomerics' Suppliers do not use Candidate List SVHCs, unless otherwise noted above. This Certification does not include disclosure of

77 Dragon Court * Woburn, MA 01888-4014 * (781) 935-4850

"impurities" (unintentionally present chemical substances that are not present for the purpose of imparting or changing the characteristics of a material or product). Since conditions of use are outside of Chomerics control, Chomerics makes no warranties, express or implied, and assumes no liability related to any use of this information.

EH&S Manager - Global Chomerics (Shawne Deary)

The PEQ Summary Table (page 1) certifies PEQ compliance status for Chomerics Americas Products regarding various Regulatory and Industry Specifications, as follows:

RoHS Compliance: RoHS (Restrictions on Hazardous Substances) RoHS Directive (EU) 2015/863 (including 10 Substances - also known as RoHS 3) bans selling new electrical and electronic equipment in the EU that contains specific Substances above limits. The expanded list for RoHS 3 is as follows:

- Cadmium (Cd): < 100 ppm
- Lead (Pb): < 1000 ppm
- Mercury (Hg): < 1000 ppm
- Hexavalent Chromium: (Cr VI) < 1000 ppm
- Polybrominated Biphenyls (PBB): < 1000 ppm
- Polybrominated Diphenyl Ethers (PBDE): < 1000 ppm
- Bis(2-Ethylhexyl) phthalate (DEHP): < 1000 ppm
- Benzyl butyl phthalate (BBP): < 1000 ppm
- Dibutyl phthalate (DBP): < 1000 ppm
- Diisobutyl phthalate (DIBP): < 1000 ppm

RoHS Notes:

- (1) Source: <https://www.rohsguide.com/rohs3.htm>
- (2) The above limits apply to "homogeneous materials", which are materials that cannot be mechanically separated.
- (3) Includes China RoHS requirements since the EU ROHS limits for the same materials apply to China RoHS, however Chomerics materials are not sold as consumer products.

EU PFOS/PFOA Compliance:

Chomerics Products complies with EU limits on PFOS and PFOA except where noted in Summary Table 1.

EU PFOS – EU Directive 2006/122/EC prohibits using perfluorooctane sulfonates (PFOS) in preparations at a concentration equal to or higher than 0.005% of mass

77 Dragon Court * Woburn, MA 01888-4014 * (781) 935-4850

EU PFOA – EU Directive 2017/1000 (2017) as regards to perfluorooctanoic acid (PFOA), its salts as a constituent in mixtures and in articles.

REACH Compliance:

The PEQ Summary Table Articles: Candidate List SVHC is updated by date “revision” as listed in the column heading. The REACH Candidate List of Substance of Very High Concern (SVHC) identifies as a substance meeting the criteria of Article 57 (c) of Regulation (EC) No 1907/2006 (REACH).

REACH requires that Parker Chomerics inform requestors of the presence of Candidate List Substances of Very High Concern (SVHC) in a concentration of >0.1% by total weight in Articles. Unless otherwise stated in the PEQ Summary Table, Chomerics products do not intentionally contain any Candidate List SVHC’s as of the revision date noted in the Summary and are considered non-hazardous when used according to accepted practices for the intended use.

Preparations - Uncured mixtures, or mixtures of Substances not in final shape or form. Chomerics Americas Only Representative (i.e. Anthesis) determines for Parker Chomerics its obligations under Title II of the EU REACH Regulation and Article 8 (para 1, 2 and 3) of REACH for Substances contained in Chomerics Preparations that are manufactured outside, then imported into the EU. According to Article 8, Paragraph 3, Importers into the EU of Chomerics Preparations are considered Downstream Users (DUs). In cases where Chomerics is the DU of Substances in Chomerics Preparations, Pre-registration and Registration is provided by the applicable upstream supplier representative as allowed by REACH.

Unless otherwise stated in Table 1., for a specific product or part number, there are no REACH Annex XVII. Restricted Substances in the products or part numbers listed in this declaration.

TSCA Compliance:

The United States Toxic Substances Control Act (TSCA) is a federal chemicals management regulation. Under TSCA Section 6, certain substances and substance families (including treated articles containing these substances) are restricted from distribution in U.S. commerce, including:

- Asbestos
- Lead, when used in paint
- Polychlorinated biphenyls (PCBs)
- Dioxins
- Chlorofluorocarbons (CFCs, ozone depleting substances)
- Metallic mercury, when used in consumer products
- Formaldehyde, when used in composite wood products
- Nitrites, when used in certain cutting fluids
- Hexavalent chromium compounds, when used in water treatment

TSCA section 6(h) requires EPA to take expedited action on specific PBT chemicals to address risk and reduce exposures to the extent practicable. EPA identified five PBT chemicals for expedited action in 2016, following criteria outlined in section 6(h) of TSCA and issued a proposed rule in 2019. EPA issued final rules on January 6, 2021. Pursuant to the statute, no risk evaluation was required for these chemicals as follows:

- Decabromodiphenyl ether (DecaBDE)
- Phenol, isopropylated phosphate (3:1) (PIP (3:1))

77 Dragon Court * Woburn, MA 01888-4014 * (781) 935-4850

- 2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)
- Hexachlorobutadiene (HCBD)
- Pentachlorothiophenol (PCTP)

Unless otherwise noted in Table 1, Chomerics products do not contain substances currently restricted under the regulation.

Industry Specifications

Halogen Free:

International Electrochemical Committee (IEC) Specification (61249-2-21)

Materials for printed boards and other interconnecting structures - Part 2-21: Reinforced base materials, clad and unclad - Non-halogenated epoxide woven E-glass reinforced laminated sheets of defined flammability (vertical burning test). Limits listed below:

- Chlorine: <900 ppm maximum
- Bromine: <900 ppm maximum
- Total halogens: <1500 ppm maximum

Ozone Depleting Substances (ODSs):

Parker Chomerics is compliant with EPA requirements relating to the production and consumption of ODS. Products do not contain Class I substances (chlorofluorocarbons [CFCs], halons, carbon tetrachloride, and methyl chloroform) or Class II substances (HCFCs).

Chomerics Products Industry Specifications:

Chomerics Substance Requirements- the impurities and substances listed below are not intentionally added to Chomerics products (i.e. preparations, mixtures and Articles).

Cadmium and cadmium compounds;

Cobalt Dichloride (used as a moisture indicator in desiccants);

Lead and lead compounds;

Mercury and mercury Compounds;

Hexavalent chromium compounds;

Ozone Depleting Substances (ODS);

Polychlorinated biphenyls (PCB);

Polychlorinated naphthalene (PCN);

Polychlorinated terphenyls (PCT);

Short-chain chlorinated paraffins (SCCP);

Polybrominated biphenyls (PBB);

Polybrominated diphenyl ethers (PBDE) ;

Tributyl tin (TBT);

Triphenyl tin (TPT);

Asbestos;

Formaldehyde;

77 Dragon Court * Woburn, MA 01888-4014 * (781) 935-4850

Polyvinyl chloride (PVC) and PVC blends;
Beryllium oxide;
Hydrofluorocarbons (HFC), Perfluorocarbon (PFC);
Specific Benzotriazole (CAS 3846-71-7);
Cobalt Dichloride (used in moisture indicator paper);
Dibutyltin Tin (all applications including additives of plastics);
Dioctyl Tin (additives of textiles);
4-[bis(dimethylamino)benzhydrylidene] cyclohexa 2,5-dien-1-ylidene] dimethylammonium chloride (CI Basic Violet 3);
Dimethyl Furfuramate;
Fluorinated Greenhouse Gases;
Perchlorates; and,
Radioactive Substances.

Regulation (EU) 2023/1115 Deforestation-free Products Notification (June, 2023)

A review of the EU importation Harmonized Tariff Schedule for Parker Hannifin Chomerics Division products confirmed our products are out of scope for the EU DR regulation.

Stockholm Convention, Persistent Organic Pollutants (POPs), 2024 Revision

Annex A (Elimination) – Not intentionally added to Chomerics products.

Annex B (Restriction) – Not intentionally added to Chomerics products.

Annex C (Unintentional production) – Not intentionally added to Chomerics products.

General Notes:

Chomerics Americas Products are categorized by product line, and part number. Typically, data are not readily available will only be provided by Chomerics if requested through the appropriate Chomerics Sales or Customer Services contact.

Additional information such as Full Material Disclosures (FMDs) will be provided for requests received by Chomerics EHS through the Chomerics Customer Service team. Additional requests for information relating to Parker Chomerics products and substances may be sent to email at choproductdisclosure@parker.com
